

# Notice to Patients

This diagnostic rigid scope is used to view your nasal passages. If you are experiencing any sinus symptoms, Dr. Weiss will likely need to perform this service. If you wish to inquire about cost with your insurance, please contact your carrier and provide CPT code 31231.

*The estimated cost may be less than or greater than \$285.00 depending on your insurance rate*

This diagnostic flexible scope may be used to view your nasal passages and/or throat. If you are experiencing any sinus or throat symptoms, Dr. Weiss will likely need to perform this service. If you wish to inquire about cost with your insurance, please contact your carrier and provide CPT code 31575 and 92511.

***\*\*Please be advised that one of the above procedures may be billed in addition to your office visit – Dr. Weiss will make that determination on a case by case basis.\*\****

We are providing this letter to inform you of what you may see on your statement from your insurance company regarding in-office procedures. Please know that we have correctly performed & documented the services as required by the CPT coding guidelines for all services provided during your visit.

Procedures performed in-office are listed as “surgery” by all insurance providers & cost cannot be determined by your physician. All in office procedures are subject to your insurance coverage and deductible in most cases.

If you have any questions, please do not hesitate to contact Letitia Barber in our billing office at (404)297-4239.
